# Ag-UPDATE

## NEXT YEAR'S BUMPER CROP

If you think it is important for the next generation to understand Florida's diverse agriculture industry, please show your support by purchasing a Florida Ag Tag.

For more information, contact your local tag office, visit [www.agtag.org](http://www.agtag.org) or call Florida Ag in the Classroom, Inc. at (352) 846-1391.

"Educate Students About Florida Agriculture"

Many Florida children are several generations removed from the farm. Florida Ag in the Classroom (FAITC) teaches children that their food and fiber doesn't come from the supermarket. Through funds provided by Ag Tag sales, FAITC provides curricula, materials, grants and programs that help kindergarten through 12th grade teachers incorporate agricultural concepts in their classes. I urge you to support Florida Ag in the Classroom with the purchase of a Florida Ag Tag.

Sincerely,

*Charles H. Bronson*

Commissioner of Agriculture
